

# BFT25 Folding Treadmill

## BFT25 Folding Treadmill

The Best Fitness BFT25 Folding Treadmill is a great home treadmill option for those looking to work out in the comfort of their home. The BFT25 is compact and folds up for easy storage. The stable mainframe offers a large (18x54") cushioned running surface for miles of walking, running, and jogging, all in the controlled atmosphere of your home gym, garage, basement, office, apartment, and bedroom.

The BFT25 Folding Treadmill adjusts to speeds from .6 up to 10 mph and has 15 incline positions to simulate uphill runs, adding additional challenges. Use the BFT25's console or convenient built-in handrail controls for quick and easy speed and incline changes. Train with one of 14 preset programs, or create your own program to take your training to the next level!
